Mr. Randolph B. Gainer, C.P.G.
Principal
Earthfax Engineering Inc.
7324 South 1300 East, Suite 100
Midvale, UT 84047

RE: Permit Application for Genwal Coal Company, Section 36, T15S, R6E; and
Section 2, T16S, R6E

In Reply Please Refer to Case No. N452

Dear Mr. Gainer:

The Utah State Historic Preservation Office reviewed our cultural resource files for the above requested project area. No prehistoric or historic sites have been recorded within the project area because no cultural resource surveys have been conducted. However, such sites may well exist in the project area.

A survey of the area will likely lead to the identification of more resources, some of which may be eligible for the National Register. It is your responsibility, based on this assessment, to determine the need for further actions, such as field surveys or predictive models to identify historic properties. If you choose to do this, we will be glad to comment on your evaluation of historic properties against the National Register criteria (36 CFR 60.4) should any sites be found. We will also assist in applying the criteria of effect as outlined in 36 CFR 800.5.

This information is provided on request to assist in identifying historic properties as specified in 36 CFR 800 for Section 106 consultation procedures. If you have questions or need additional assistance, please contact me at (801) 533-7039.

Sincerely,

James L. Dykman
Regulation Assistance Coordinator
